Murray, Utah 84107

Re: Notice of Intention to Commence Small Mining Activities, Perry Estate Mine Project, S/039/008, Sanpete County, Utah

Dear Mr. MacKay:

Thank you for your Notice of Intention, received by the Division July 13, 1994, concerning your proposed small mining program located in Section 6, Township 18 South, Range 3 East, SLBM, Sanpete County, Utah. The notice does not satisfy the requirements of Rule R647-3 of the Utah Mined Land Reclamation Act of 1975, Title 40-8, et seq., Utah Code Annotated.

The following information is still required:

**R647-3-105. Project Location and Map.**

A topographic base map with the proposed /existing disturbed areas outlined needs to be submitted. As discussed with you during a site inspection on June 21, 1994, it is highly recommended that those historic areas that are currently disturbed, which you will not re-affect, should also be delineated. (LMK)

**R647-3-110. Variance Requests.**

This section of the NOI was not addressed. As discussed during the site inspection, variances to operation practices and reclamation standards cannot be granted unless requested by the operator and by providing sufficient justification for each requested variance.

Please note - State Stone will need to submit a Notice of Intention to Commence Large Mining Operations and have it approved *prior* to expanding beyond the initial 5 acres of surface disturbance.

The Division will suspend review and await your amended Notice of Intention. In reply, please refer to S/039/008. Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to be 'Lynn Kunzler', written in a cursive style.
